

Design: Cut & Edge  
Colour: Honey Oak  
Product: Likewood

## Likewood

Likewood doors and panels offer you an array of exciting prints and 3D timber finishes reflecting the appearance, feel and touch of real timber veneer. Likewood is truly an affordable alternative to real timber or timber veneer. Unlike natural timber, Likewood will give you a timber look with assurances of consistency from the colour, grain and finish of your doors and panels.

So if you are seeking the appearance of timber at a more affordable cost, for your kitchen, furniture, cabinets, shopfittings or any other commercial project the choice is easy - Likewood. Available in 2400mm x 1200mm x 18mm sheets and also doors and panels cut to size.
