

Tecoboard

Tecoboard decorative designs are refined worldwide to create surfaces that influence and enhance the visual appearance of your kitchen doors, and any other interior design project. These laminated decors and finishes are primarily used to create authentic reproductions of fine woods as well as a wide range of imaginative decorative designs and hues in single colours.

Discover the attractive, decorative decors on offer enabling a colour palette to work in perfect harmony – from floor to ceiling, from the edge to the surface. Available in 2400mm x 1200mm x 16mm sheets and also doors and panels cut to size.
